U. S. DEPARTMENT OF AGRICULTURE.

The following is a list of hotels, arranged by States, that have quoted special rates to employees of the Department of Agriculture when traveling on official business. The list is restricted to first-class hotels in those cities most frequently visited by Department officials.

The accompanying tables indicate whether the rates are based on American (A.) or European (E.) plan, and include desirable rooms with and without private bath.

In order that the Department may receive the benefit of the special rates, employees are requested to patronize the hotels included in the list whenever it is practicable to do so and to present proper credentials upon registering.

A. ZAPPONE,

Chief, Division of Accounts and Disbursements.

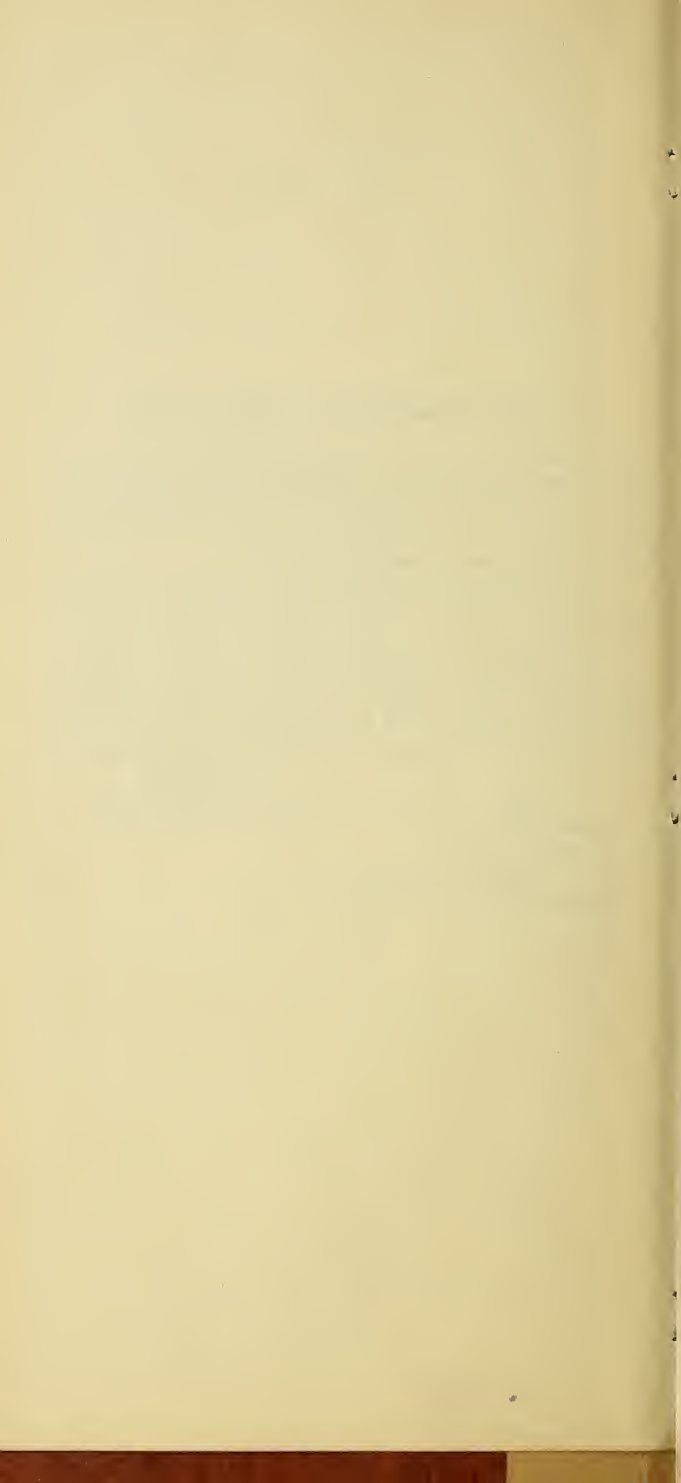

Approved:

JAMES WILSON,

Secretary of Agriculture.
